

Dear aunt,

How are You and your family I hope you all are fine,

my study Was going very good And I response to teachers also very good when I was in the school teacher always appreciated me about my work but suddenly we planned to go Karachi because of some reason we were living there in our friends house so I can't attend classes I thought there is no problem I will recover all the things that I have missed in the Leaving days And I am smart and intelligent there's no problem for me But after when I return to village and attended the classes I was not able to understand anything because the topics that I have missed were connected with these topics I was very hard to see this I was not having any idea what to do now, So I work very hard and made my day and night one We all in the home were serious about my classes and my future then I understand some of the classes and I do ask them questions also And slowly slowly I was upgrading and responding good there are many kind of accident that are occurred with me in my life about the study but this was a big Accident Because I was unable to study for some weeks and I worked hard so much to make it is steady able for me Now I am responding good from past I was very happy after making it is it for me to study because I had made our timetable and I follow it And here my brother interest and all helped me to make my timetable and the plan of timetable and how to follow it when they see me also they come and sit with me and steady because of us we are now very good in studies .

Yours obediently,

M.Saeed
